

Measuring for Schmidt Gold Pads:

Flutes:

1. Measure the smallest inside diameter of the pad cup.

* Please provide measurements in .1mm increments *

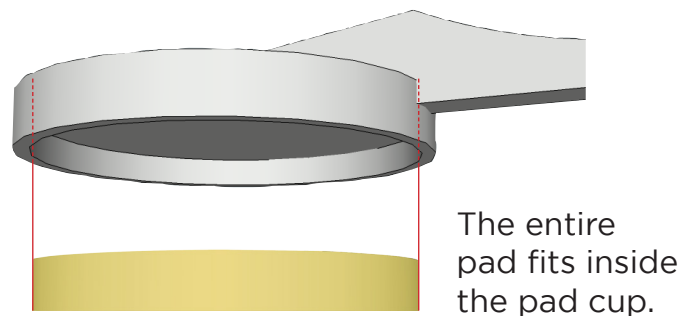

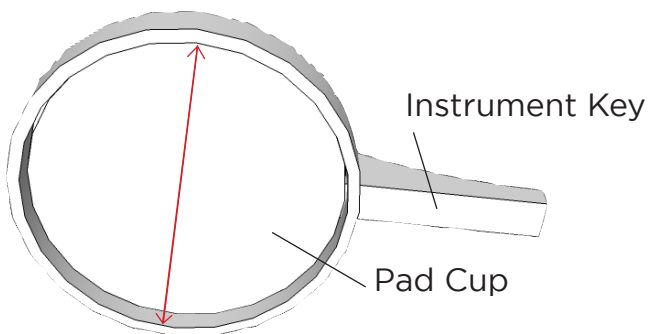

2. Provide this measurement and the make and model of the flute to us when ordering so we may ensure you receive the perfect size for your instrument.

Saxophones:

1. Measure the smallest inside diameter of the pad cup.

* Please provide measurements in .1mm increments *

2. Provide this measurement and the make and model of the flute to us when ordering so we may ensure you receive the perfect size for your instrument.
